STANDARD FEATURES

- Shelves are slanted for the convenience of self-service
- Models have pre-focused infrared top heat directing heat to the outer edges of the holding surface where heat loss is the greatest
- Thermostatically-controlled, hardcoated heated base has a temperature range of 85°- 93°C
- Coated shatter-resistant incandescent lights enhance product display while safeguarding food products from bulb breakage
- NSF requires units over 914 mm in width or weighing more than 36 kg to be either sealed, or raised on the installation surface with the 102 mm legs included
- Standard units shipped with: tempered glass side panels, hardcoated shelves, coated shatter-resistant incandescent lights, adjustable dividers, 102 mm legs, and a 1829 mm cord with plug

Hatco's Glo-Ray Designer Slant Merchandising Display Warmers are designed specifically to hold hot wrapped or boxed product safely, and at proper serving temperatures while enhancing your setting with style and color. With pre-focused infrared top heat and a thermostatically-controlled hardcoated heated base, they excel at extending the holding times of most food, offering the convenience of self-serve and the efficiency of kitchen-to-server holding.
