

STANDARD FEATURES

- Shelves are slanted for the convenience of self-service
- Models have pre-focused infrared top heat directing heat to the outer edges of the holding surface where heat loss is the greatest
- Thermostatically-controlled, hardcoated heated base has a temperature range of 85°- 93°C
- Coated shatter-resistant incandescent lights enhance product display while safeguarding food products from bulb breakage
- NSF require units over 914 mm in width or weighing more than 36 kg to be either sealed, or raised on the installation surface with the 102 mm legs included
- Standard units shipped with: tempered glass side panels, hardcoated shelves, coated shatter-resistant incandescent lights, adjustable dividers, 102 mm legs, and a 1829 mm cord with plug

Hatco's Glo-Ray Slant Merchandising Display Warmers

are designed specifically to hold hot wrapped or boxed product safely, and at proper serving temperatures. With pre-focused infrared top heat and a thermostatically controlled hardcoated heated base, providing optimal holding times. They offer the convenience of self-serve and the efficiency of kitchen-to-server holding.
