

HATCO DRAWER WARMERS FREE STANDING MODELS

HATCO DRAWER WARMERS are built to excel in tough demanding kitchen environments. With rugged construction, individual digital temperature control for each drawer, slider humidity control for each drawer and tough drawer sliders built to last.

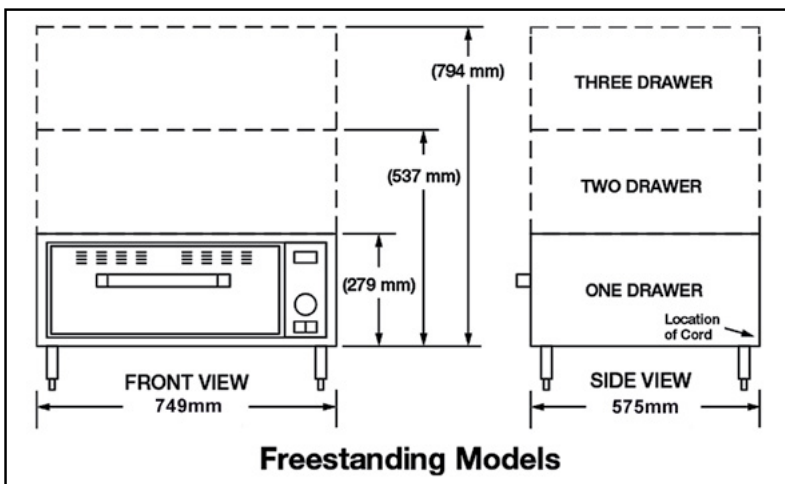

Hold everything from meat to vegetables to rolls in Hatco Drawer Warmers. These warmers keep a variety of foods hot and fresh until served. No other drawer warmer comes close to the build quality and full features of Hatco.

FEATURES:

- ▶ Each drawer has its own recessed digital thermostatic control, temperature monitor, vent slides and power switch for total control
- ▶ Freestanding with optional castors
- ▶ Completely insulated individual cavities provide maximum energy efficiency
- ▶ Each drawer can accept a 1/1x150mm deep pan or 2x1/2 or 3x1/3 pans
- ▶ 12-gauge stainless steel heavy-duty drawer slides with nylon rollers
- ▶ Stainless steel construction throughout

All Drawer Warmers now come standard with Digital Temperature Control & Display for each drawer.
