

## HA6-507 6.5 Litre Round Stainless Steel & Glass Chafer

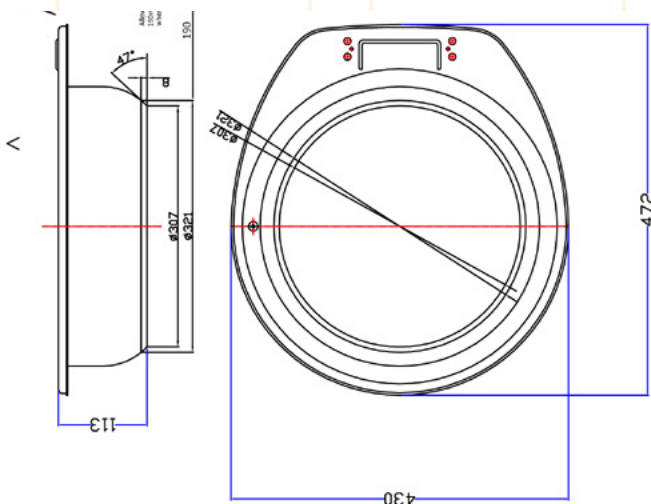

Elegant and classy round chafer units are available in two sizes to suit any situation. These chafers offer 'controlled action' hinges and generous handles for optimum ease of use, with a clear window on the top giving easy viewing of the contents.

Highest quality polished stainless steel finish combined with the 'stay open' feature will impress your customers.

A full range of inserts, both stainless and porcelain, with or without dividers, and spoon holders completes this impressive chafer to make your buffet a success.
