Yellow Brand Induction Units, one of the leaders in induction technology to the Australian market, now established and recognised as a highly efficient and safe cooking technology. **Yellow Induction** units are made to last and offer superior performance and quality compared to lesser units. And each Yellow Induction model comes with our exclusive 13 month warranty for absolute peace of mind when you next specify for that important project.

YMC-3-250 is the ultimate answer for any buffet requirement - the Yellow Multi-Zone Series - available in two or three zone versions. Unlike lesser units, these models enable even small containers to be used simultaneously with large pans etc., to maximize efficient use of the heating area. Imagine the benefits of having a range that can offer so much flexibility and still look fabulous dropped-in flush to your benchtops. Each zone offers 2500W of power that can be easily adjusted for holding use via the individual remote controls for each zone. Remote generators provide flexibility and ease of installation.
