

My Muscle Chef's brand new premises required the extraction capacity of Britannia Capturestream CS3 and heavy duty Econex Front & Back Exhaust Canopy filtration to provide environmentally safe kitchen exhaust performance with low air requirements. Britannia Superstream 3050 Filters are used throughout. Yellow brand pro-quality Pre-Rinse units were also specified on this project by Solutions&Innovations.

My Muscle Chef lets you enjoy the health benefits of preparing your own meals without the hassle. No mess, no fuss, just great tasting meals delivered to your door - the qualified chefs prepare your meals fresh each week using premium ingredients, no artificial colours, flavours, or preservatives. After preparation, meals are immediately frozen for maximum flavour and nutritional value.

EQUIPMENT USED IN THIS INSTALLATION:

Britannia
kitchen ventilation

yellow
tapware
