STANDARD FEATURES

- A great solution to handling pick-up, third-party delivery or anyfood to-go situation
- Shelves are 508mm deep and 991mm wide, large enough for pizza boxes and bags, which will easily fit into the 330mm clearance of each shelf
- Touchscreen control with digital read out indicates separate heat and timer for each shelf
- Standard units feature shelves with heated bases that are thermostatically-controlled and have a stainless steel frame
- The cord is recessed into the bottom shelf at a 45o angle, allowing the unit to be flush against either wall
- Optional side and back panels are one panel per shelf, giving you the flexibility to customize your unit. Keep some off for pass-through capabilities and leave some on for single-sided access

The Hatco Glo-Ray 2-Go Heated Shelves are designed specifically for your delivery and carry-out needs in mind. Capable of holding a great quantity of hot food items at optimum serving temperatures, the GRS2G models hold bags and boxes up to 30 minutes with a high temperature range of up to 93 degree C.

- Place in a wall opening for a built-in feel, and benefit from the pass-through features
- Unit comes with side wall anchor brackets for improved stability, 152 mm adjustable flanged feet that can be bolted to the floor and a 1829 mm recessed cord and plug
